GAME-CHANGING MATCHING BONUS

As a 4 Star Influencer or higher rank (and for as long as you maintain that rank or higher), you get paid a 5% check match on the collective Team Matrix Commissions earned monthly on up to 10 generations of 4 Star Influencers or higher rank in your Sponsor Tree team.

This Generation Matching Bonus can create a **significant** amount of additional income every month in your Against All Odds business since each generation can represent a large number of Influencers as illustrated in the example below.

 Represents a 4 Star Influencer

Your Sponsor Tree comprises all of the Influencers that you personally sponsored as well as all of the Influencers they each sponsored. In your Sponsor Tree, all the Influencers that you personally sponsor are placed on your first level (with unlimited horizontal expansion potential) ...and all the Influencers that they personally sponsor are placed on your second level...and so on.

A "generation" starts when an Influencer in your Sponsor Tree has reached the rank of 4 Star or higher during the monthly pay period. The Generation Matching Bonus includes all Influencers below them in that team leg of your Sponsor Tree until the tracking system encounters another Influencer in the same team leg who is also at the 4 Star rank or higher. Then that 4 Star Influencer starts the next generation in your Sponsor Tree team.
